Key Terms: _____	Term: Month-to-Month	Glacial Representative: <u>Mark Knopf</u>
Estimated Annual kWh _____	Payment Type: EFT	Glacial Energy – Contract ID. _____

1. Agreement to Sell and Purchase: Glacial Energy of Illinois, Inc. ("Glacial Energy") agrees to sell and provide and Customer agrees to buy and receive the quantity of electricity necessary to meet Customer's full requirements during the term of this Agreement as reflected in the electricity consumption data provided to Glacial Energy or as directed by the Local Distribution Company ("LDC"). In no event shall Glacial Energy be bound by this agreement until it has received complete and accurate consumption data describing customer's consumption for at least the twelve months preceding the month in which this agreement is executed.

2. Electricity Pricing: The price for electricity sold during the Term of this Agreement, "Price per kWh", is the daily price for on peak and off peak energy in the Illinois market for the applicable zone PJM or MISO plus charges for electric energy supply: electric energy losses, congestion charges, scheduling services, utility/MISO or PJM imposed administrative fees, "uplifted" imbalance charges, capacity charges, transmission charges, and ancillary services, plus Glacial Energy's mark-up. The total energy price paid by Customer for each day are the charges described in the previous sentence, multiplied by Customer's usage (in kWh). The price does not include Customer's LDC charges and fees, non-bypass able charges, any non-recurring fees, transition charges, base service charge, taxes or applicable fees and/or penalties. If Customer is tax exempt, it is Customer's responsibility to provide Glacial Energy with the necessary tax exemption certificate. The Glacial Energy electricity price, and any applicable taxes or assessments will appear as separate items on Customer's bill.

3. Term: Customer's service under this Agreement begins on the date that Customer's LDC switches Customer's service to Glacial Energy and will continue for an initial term equal to the number of calendar months described above as "Term". Either party may cancel this Agreement without penalty effective no sooner than the conclusion of the initial term by providing no less than 30 calendar days written notice to the other party. If cancellation is not received prior to conclusion of the initial term, Agreement will automatically renew for an additional term of twelve (12) months. It may take up to sixty (60) days for LDC to switch Customer upon expiration of contract term. Customer is responsible for all Glacial Energy supply charges until Customer goes to another ESCO or the Utility. A final bill will be rendered within twenty (20) days after the final scheduled meter reading or, if access is unavailable, an estimate of consumption will be used in the final bill, which will be tried up subsequent to the final meter reading.

4. Billing: Upon receipt of usage data from the LDC for the month in which power is being provided, Glacial Energy will make available to customer via email or fax a bill for monthly usage. On or around the 10th day of the month following the month in which service is provided (or the first business day thereafter), Glacial Energy will debit Customer's account through an EFT transaction in an amount corresponding to the bill. If adequate funds are not available in Customer's account, Customer agrees to be charged an insufficient funds fee of 1.5% of the total bill or the maximum allowable by law, whichever is greater. Glacial Energy will reattempt billing under the same terms five business days following the previous attempt. For the first month, Customer shall receive a pro-rated bill in the same manner as previously described. If, however, the meter read date is in the last ten calendar days of the month, the first bill will be sent concurrently with the bill for the subsequent month. Glacial Energy and Customer agree that the monthly amount of energy to be billed for will be based upon monthly meter readings and or estimates. If Customer's LDC is unable to read Customer's meter, Customer LDC will estimate Customer's charges based on previous usage history, and later adjust it based on actual usage shown by a meter reading. Glacial Energy shall make a similar adjustment to Customer's bill. Customer shall reimburse Glacial Energy for any collection fees Glacial Energy incurs in collecting Customer's outstanding invoices. Glacial Energy may require a security deposit of up to two months estimated usage, and Customer agrees to provide such deposit upon written request. Customer may receive a single bill for both commodity and delivery costs from either Glacial Energy (when available) or the LDC, or each of the LDC or Glacial Energy may invoice separately. In the event of failure to provide for payment when due, Glacial Energy shall have the right to terminate this Agreement in accordance with the applicable Illinois Commerce Commission notice requirements, including the requisite advance notice provisions. Customer shall be liable for all costs and expenses including reasonable attorney's fees incurred in the collection of any amounts due.

5. Information Release Authorization: Customer authorizes Glacial Energy to obtain and review information regarding the customer's credit history from credit reporting agencies and consumption history, billing determinant, and credit information from the LDC. In the event that any additional paperwork is required by the Illinois Commerce Commission and/or any particular utility, customer shall execute any such required forms. This information may be used by Glacial Energy to determine whether it will commence and/or continue to provide electricity supply service to Customer and will not be disclosed to a third-party unless required by law. Customer's execution of this Agreement shall constitute authorization for the release of this information to Glacial Energy. This authorization will remain in effect during the initial Term and any renewal Term of this Agreement. Customer may rescind this authorization at any time by providing written notice thereof to Glacial Energy. Glacial Energy reserves the right to cancel this Agreement in the event Customer rescinds the authorization.
